Summary

Android Developer with 3+ years of professional experience building high-quality mobile applications. Proficient in **Modern Android Development (Jetpack Compose, Kotlin, Coroutines, Hilt, Room, Retrofit)** and Agile practices. Experienced in optimizing app performance, integrating third-party APIs, and delivering user-focused solutions. Passionate about writing technical content and contributing to open-source projects.

Education

Cumhuriyet University, BS in Computer Engineering   Sept 2019 – May 2025

- GPA: 3.06/4.0
- **Coursework:** Mobile Application Development, Data Structures and Algorithms, Operating Systems, Database Management Systems

Experience

Android Developer, Appcent   May 2023 – Present

- Developed and maintained Android applications using Kotlin, Jetpack Compose, and MVVM architecture.
- Optimized application performance by implementing Baseline Profiles, improving startup time and rendering efficiency.
- Integrated third-party APIs and SDKs, ensuring seamless functionality and compatibility.
- Collaborated within an Agile team with designers and backend developers to deliver high-quality applications.
- Authored technical articles on Android development and contributed to open-source projects.

Freelance Mobile App Developer   Apr 2022 – May 2023

- Developed and published mobile applications for Android and iOS using Flutter and native technologies.
- Designed and implemented UI/UX components following Material Design guidelines.
- Integrated RESTful APIs and Firebase services for authentication, real-time database, and cloud storage.
- Provided maintenance and feature updates for existing applications based on client feedback.

Backend Development Intern, Detaysoft   Oct 2021 – Apr 2022

- Gained experience in SAP backend technologies and fundamental programming concepts.
- Assisted in database management and backend logic implementation.
- Learned about enterprise software solutions and their integration with various business processes.

Skills

- **Programming Languages:** Kotlin (primary), Java, Dart, TypeScript
- **Mobile Development:** Jetpack Compose, Android View, MVVM, MVI, Clean Architecture, Asynchronous Programming - Data Flow, Networking - API Integration, Data Persistence - Local Storage, Dependency Injection - Modularity, Performance - Optimization, Testing - QA, Security - Privacy, Firebase - Cloud Integration, Release - Distribution
- **Tools & CI/CD:** Android Studio, Git/GitLab CI, Firebase, Postman
- **Databases:** Room, SQLite, Firebase Firestore, Realm
- **Design:** Material Design 3, Figma, Responsive UI/UX
- **Soft Skills:** Agile, Problem-Solving, Collaboration, Adaptability

Projects

- **Sipay Corporate** *Jun 2025 - Present*
  As part of the Appcent team, contributed to an innovative wallet app for instant payments and money transfers.
  Skills: Android Development · Payment Integration · Android XML · MVVM · REST (API Communication)
  Link to Play Store

- **Mucize Lezzetler - Arçelik** *Jul 2024 - Present*
  Developed for Appcent, Mucize Lezzetler is an AndroidTV app for recipe discovery and personalized kitchen experiences.
  Skills: Android Development · Jetpack Compose · Android TV
  Link to Play Store

- **Fixly** *Jan 2024 - Present*
  As part of the Appcent team, developed a mobile app connecting users with service providers for home repairs.
  Skills: Android Development · Jetpack Compose · Modern Android Development (MAD)
  Link to Play Store

- **Borusan ETA** *Aug 2024 - Oct 2024*
  As part of the Appcent team, developed a mobile app offering real-time tracking for the logistics sector.
  Skills: Android Development · Android XML · MVVM · REST (API Communication) · GPS
  Link to Play Store

- **Espressolab** *May 2024 - Jun 2024*
  As part of the Appcent team, developed a mobile app for ordering, loyalty programs, and special campaigns.

- **Topi Saha** *Oct 2023 - Dec 2023*
  Developed for Topi to simplify wholesale market depot and order management for internal employee use.
  Skills: Flutter · Dart · Android
  Link to Play Store

- **kerimbora.com** *Aug 2020 - Jan 2021*
  Developed a personal portfolio web application using Flutter.
  Skills: Flutter · Firebase · JavaScript · Dart · OOP (Object-Oriented Programming)

Languages

- **Turkish:** Native
- **English:** Basic Proficiency (A2)

Hobbies and Interests

- Playing musical instruments
- Game development (Working on a hobby project using Unity)
- Blogging (Sharing tips and tutorials on Medium)
- Chess
- Table tennis
